Reviewing Data in Preparation for 2017 ISTEP+

What Teachers will each need the following documents:

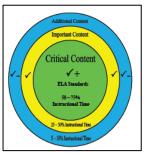

- Grade Level Standards for E/LA and Math
- IDOE ISTEP+ Blueprints for E/LA and Math
- District ISTEP+ Countdown Calendar

The Plan:

1 – Code the standards according to the IDOE ISTEP+ Blueprint:

- V+ Critical Spend 50% -75% of Instructional Time
- V Important Spend 25% 50% of Instructional Time
- √- Additional Spend 5% 10% of Instructional Time

IMPORTANT: Standards marked with an "*" may be assessed on ISTEP+ Part 1 and in Part 2; therefore, make sure that students have mastered them prior to taking ISTEP+ Part 1.

2 - Review the NWEA Data

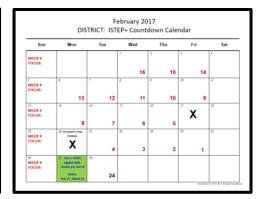

- First, look at Data Report

 Look at the columns and ask yourself,
 "Did I teach it yet?"
- Next, Use the Data to Cross Reference with the IDOE ISTEP+ Blueprint
 - Is the standard assessed in NWEA heavily weighted? Is it asked multiple times on the CCR Assessment, and is it tagged as a "V+ Critical – Spend 50% -75% of Instructional Time" on the IDOE ISTEP+ Blueprint?
 - If the answer is "Yes", then determine when you will teach it to mastery before Part 2 ISTEP+ begins.
 - 70% of the points on ISTEP+ come from Part 2, and
 CCR-A Fixed Version Acuity is aligned to ISTEP+ Part 2!

3 – Use the ISTEP+ Countdown Calendar to plan your instruction:

- What skill/standard will you give support to each week for E/LA? for Math?
- Plan 10 minute mini-lessons that will support the identified standards:
 - Teach the mini-lessons on Monday Tuesday Wednesday Thursday, and on Friday give a mini-quiz.
 - Pull up specific skills/questions from the NWEA reports and use them to re-teach critical skills.
 - Use Tutorials with your whole class on your classroom projector.
 - Create a positive team incentive programs help kids to support kids!
 - Maximize all available Instructional Resources.
